The Board of Trustees clearly recognizes the need to provide periodic updates in regards to the on-going efforts to establish an appropriate process which will provide temporary leadership at SCC.

Per college policy and past practices, while decisions are being made to select either an interim President or until a new President is officially named, Vice President of Academic Affairs, Dr. Kathleen Curphy, Dr. Countance Anderson, Vice President of Student Success and Services and Acting Vice President Campus Operations and Chief Financial Officer/Treasurer Brandy Woods will manage the college. These individuals will work collectively to ensure the continued forward momentum of the institution while under the oversight of the Board of Trustees during this brief period.

The Board is further developing a process to address leadership until a joint/collaborative Presidential Search effort can be established.

The Board of Trustees will be considering both internal and external candidates to serve as Interim President while the Presidential search is in process.

This process may potentially take up to a year to complete. The Board of Trustees anticipates having an Interim President selected by July 1, 2019.

We expect to provide more details in the coming days.

Respectfully,

SCC Board of Trustees
