

Accounting

The Associate of Applied Science in Accounting is a two-year curriculum, designed to provide the student with entry-level skills for employment as a bookkeeper or accounting technician. Upon successful completion of the program, the student will have a basic knowledge of accounting as it pertains to payroll, taxes, accounts receivables, accounts payable, general accounting, sales, depreciation, and inventory. This program has been articulated with SIUC's College of Business, which is an AACSB (the Association to Advance Collegiate Schools of Business) accredited bachelor's degree.
