## Section I: General Overview

### Purpose

The Illinois Community College Board (ICCB) is mandated by the Illinois Public Community College Act to coordinate a statewide program review system (see P.A. 78- 669). Various program areas and services, including instructional programs, are required to be reviewed once every five years by their respective community college and submitted to the ICCB, but more frequent and continuous reviews (e.g. annual) are encouraged. This manual offers guidance and outlines all reporting and submission requirements.

The purpose of Statewide Program Review is to:

1. support strategic campus-level planning and decision-making related to instructional programming and academic support services, including but not limited to program revisions, program closures, and revisions to services;
2. address inequities to support program improvement;
3. support the delivery of locally responsive, cost-effective, high quality programs and services across Illinois' community college system.

This purpose aligns with the ICCB goals focused on reducing inequities, strengthening programming, and contributing to the economic development of the state.

### Authority

Under Section 2.12 of the Illinois Public Community College Act, the ICCB, designated as the “State Board” has the authority to provide statewide planning, conduct feasibility surveys, approve and disapprove programs, and discontinue programs which fail to reflect the educational needs of the district (P.A. 78-669).

### Process

The Statewide Program Review process is designed to complement college-level planning and decision making, and reflect on the integration of various programs and services, in addition to providing information that will assist the ICCB in fulfilling its statutory responsibilities. Program review can be a critical tool for continuous improvement and evaluation of programs and services offered by the college. Prepared with adequate data, program review can be instrumental in identifying inequities, including racial equity gaps, and can serve as a process to engage stakeholders purposefully in advancing equity. Program review should be aligned and integrated with other continuous quality improvement processes. These processes may include but are not limited to strategic planning of instructional programming, development of the annual calendar, data submission and reporting, and accreditation review.

Guidelines, templates, and schedules have been developed to assist the colleges in reviewing four (4) major program/service areas:

- 1) Career and Technical Education,

- 2) Academic Disciplines,
- 3) Cross-Disciplinary Instruction, and
- 4) Student and Academic Support Services.

All four areas, including all programs within each area, are to be reviewed on a five-year cycle. The schedule represents the program areas and courses to be reviewed during each fiscal year. See the Program Review Schedule on page 53 in this manual for more information.

Submission of the review, using the program specific templates, to the ICCB is required by September 1<sup>st</sup> of every year. Program review submissions are reviewed by a team of ICCB staff. Additional requests for information, especially if there are inadequate or missing sections, may be required throughout the year. Within the fiscal year, ICCB staff will contact you with specific feedback, consistent with the statutory authority of the agency. Failure to complete and/or submit program review under the statewide process will be assessed by the ICCB and reflected in the college's Recognition Review conducted by the ICCB.

## Section II: Completing the Review

### Program Review Areas

Every year, specific instructional programs and services will be reviewed in each of the four main areas consistent with the 5-Year Program Review Schedule. The schedule is not all inclusive, particularly for CTE programs. While all major 2-digit Classification of Instructional Programs (CIP) codes representing general groupings of programs are denoted in the schedule, common four-digit CIP codes are provided as an example for each year. Specific programs not listed in the schedule should be reviewed in fiscal years with similar programs and/or CIP code groupings. Please note that additional 2 and 4-digit CIP codes have been added to the Schedule. If colleges have previously slated these programs for review in different years, please denote that in the year it is scheduled for review and the year in which it is being submitted (if not aligned with the schedule).

Templates are provided specific to each review area in Section V: Review Instruments and Section VI: Cross-Disciplinary Review Instruments. These templates **must** be utilized for the college's program review submission.

- Complete a separate template for each program/course. *If there are certificates and/or other stackable credentials within the program, please be sure to specify and sufficiently address all questions regarding each stackable credential within that respective template **or by** utilizing a separate template. This is at the discretion of the college.*
- Complete the template in its entirety. **Do not delete questions**, but additional questions may be added to fully integrate the review templates with the institution's own review processes.
- Failure to fully complete the review templates will result in the specific program review submission being rejected.
- Convolved narrative responses are discouraged. Answer questions succinctly providing only the information requested.

### **Career & Technical Education (CTE) Programs**

A CTE program utilizes a credit-bearing curriculum designed to prepare students for employment in a specific career pathway. This includes programs leading to an Associate in Applied Science (A.A.S.) Degree or Certificate. These reviews should utilize the minimum standards of need, cost, and quality to comprehensively assess each program.

### **Academic Disciplines**

The academic disciplines are the courses and sequences of courses in Communications, Mathematics, Physical and Life Sciences, Humanities and Fine Arts, and Social and Behavioral Sciences. These reviews should focus on the quality of individual courses and clusters of courses, as well as how successful the discipline area as a whole is in achieving its goals.

### **Student & Academic Support Services**

Student and Academic Support Services are non-instructional activities that support instruction and student persistence. It is suggested that colleges review all of their student

and academic support services. Colleges should also evaluate the quality and cost-effectiveness of all their student and academic support services. Student and Academic Support Service areas of review include:

- Admissions, Registration and Records
- Recruiting
- Learning and Tutoring Services
- Career and Placement Services
- Financial Aid and Bursar Services
- Disability Services
- Counseling and Advising
- Library Services
- Athletics
- Student Activities
- Other Areas for Review (Optional):
  - Veterans' Services
  - Online Learning Services
  - Campus Security
  - Diversity, Equity, and/or Inclusion Center or Programs

### **Cross-Disciplinary Instruction**

Cross-disciplinary instruction is curriculum that incorporates courses from two or more instructional areas. These curricula are designed to support broad goals related to a college's mission and include:

- **Developmental Mathematics:** preparatory courses in the mathematics that are used to raise skill level so as to be ready for college level mathematics coursework. These courses generally are not used to accumulate college-level credit.
- **Developmental English Language Arts (Reading and Communication Skills):** preparatory courses in the English Language Arts that are used to raise skill level so as to be ready for college level mathematics coursework, These courses generally are not used to accumulate college-level credit.
- **Adult Education and Literacy:** academic instruction and education services below the postsecondary level that increase an individual's ability to (A) read, write, and speak in English and perform mathematics or other activities necessary for the attainment of a secondary school diploma or its recognized equivalent; (B) transition to postsecondary education and training; and (C) obtain employment. (WIOA Sec. 203(1))
- **English Language Acquisition:** a program of instruction (A) designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language; and (B) that leads to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training; or employment. (WIOA Sec. 203(6))
- **Vocational Skills (PCS 1.6):** used to classify students who are enrolled primarily in vocational skills courses to review or upgrade present vocational skills on a full- or part-time basis or to learn a specific, short-term occupational skill.

These reviews should focus on the quality of offerings and how successful the cross-

disciplinary area is as a whole in achieving its goals. The reviews of cross-disciplinary curricula build upon the reviews of academic disciplines and occupational programs as appropriate.

**NOTE:** *Colleges are no longer required to submit reviews of General Education and Transfer functions but should continue these reviews at the institutional level to meet accreditation and other requirements.*

### **Other Program Actions**

Annually, colleges may report important program changes and improvements that did not result from program review but are made as a result of campus planning and/or quality improvement. This includes, but is not limited to, addition of new programs and modification or elimination of existing programs outside of program areas under review for the current year.

- For programs up for review, an area is available on each template for colleges to detail any recent program actions since the last review.
- For programs reviewed in previous years, if significant modifications were made or substantial recommendations were made by ICCB staff in a prior review cycle and an update is required, provide an update using the Prior Review Supplemental Information form in Section VI: Cross-Disciplinary Review Instruments.

### **Program Review Expectations**

**In general, college program review processes should:**

- At a minimum, systematically examine the **need**; **cost**; and **quality** of individual programs and services, ensuring that programs continue to be responsive to local needs, cost-efficient, and integrate quality components into programming;
- Involve faculty and appropriate administrators who are directly responsible for the areas being reviewed as well as faculty, academic support professionals, and administrators from across the campus as appropriate;
- Employ relevant information such as assessment results appropriate to the unit, as well as comparative data on enrollments, completions, and costs using the most recent audited state-level data;
- Be responsive to identified areas of weakness by developing and implementing feasible and measurable action steps;
- Include the use of disaggregated data to uncover and address equity gaps in programming, performance, or service;
- Assure that the process is well documented and use the results to inform campus planning initiatives, quality improvement efforts, and budget allocation decisions;
- Report results and actions resulting from reviews to local boards, advisory committees, and other stakeholders as appropriate;
- Adhere to a minimum review cycle of once every five years for all programs listed in the Program Review Schedule.

Additional information for each of these standards is included on the templates and will help guide colleges to successfully review a program. In addition to the templates, supplemental resources (i.e. FAQs, webinars, etc.) to assist colleges and their staff in

reviewing their programs or courses are provided on the [Program Review website](#). If college staff are seeking technical assistance, please direct all questions to [iccb.programreviewsubmission@illinois.gov](mailto:iccb.programreviewsubmission@illinois.gov).

### **Utilizing and Disaggregating Data for Program Review**

Each minimum standard for review will require a thorough analysis of data. Colleges are to analyze disaggregated data including course-level and demographic data to identify trends and equity gaps. Colleges may use the most recent audited state-level data available from ICCB at the time they begin their annual program review process. The aforementioned data and reports can be found at <https://www.iccb.org/data>.

State and local labor market data, including occupational and industry employment projections and wage data, are available through various resources including the Illinois Department of Employment Security (IDES) ([https://illinois.virtuallmi.com/vosnet/dashboards/defaultana.aspx?menuid=MENU\\_STA\\_RT\\_PAGE\\_DASHBOARD\\_ANA](https://illinois.virtuallmi.com/vosnet/dashboards/defaultana.aspx?menuid=MENU_STA_RT_PAGE_DASHBOARD_ANA)) or can be made available by local workforce innovation boards.

Other data as collected by the institution or program are encouraged to be used and should be cited appropriately. Examples of other data sources including results from the Perkins V Comprehensive Local Needs Assessment, [Postsecondary Data Profiles](#), ICCB Underrepresented Groups Report, DAISI, and Adult Education Index of Need. Other resources regarding the utilization of data for program improvement or the disaggregation of data are provided on [ICCB's Program Review webpage](#) or [Program Review Illinois](#).

### Section III: Submission Requirements

Annual reviews are to be completed in full and submitted to [ICCB.programreviews@illinois.gov](mailto:ICCB.programreviews@illinois.gov) by September 1<sup>st</sup> of each year. Failure to submit on time, or without an approved extension, will result in an audit finding for the ICCB. All program review documents and templates should be compiled and submitted at one time. If the submission will not be collated as one document or file, which is recommended, all templates must be appropriately labeled and submitted within a zip drive. Failure to submit documents in this manner will result in the submission being rejected and will require resubmission by the college. The submission should include the following:

- A completed Program Review Cover Page;
- Completed review templates for all four areas and programs listed in the schedule for the fiscal year being reviewed; and
- Completed “Other Program Actions” Templates based on prior review cycles, if appropriate.

**The submission of extraneous information outside of what is required will not be reviewed.** Each template should represent a summary of each program and all information and data should be concise. If additional information or data is needed, it will be requested by ICCB staff pending further review.

**EXTENSIONS:** Extensions may be granted and should be requested by August 1 of each year. An extension may not exceed four weeks following the initial deadline. Please request extensions by emailing [iccb.programreviews@illinois.gov](mailto:iccb.programreviews@illinois.gov).

**CTE Program Review Analysis**

Complete the following fields and provide concise information where applicable. Please do not insert full data sets but summarize the data to completely answer the questions. Concise tables displaying this data may be attached. The review will be sent back if any of the below fields are left empty or inadequate information is provided.

Were pre-requisites for this program (courses, placement scores, etc.) analyzed as part of this review? If yes, please elaborate on any findings or revisions moving forward.

Provide a rationale for content/credit hours beyond 30 hours for a certificate or 60 hours for a degree.

<b>Indicator 1: Need</b>	<b>Response</b>
--------------------------	-----------------

1.1 What is the labor market demand for the program?  
 Cite local and regional labor market information.

1.2 How has demand changed in the past five years and what is the outlook for the next five years?

1.3 What labor market information sources are utilized and how often are LMI data reviewed?

1.4 How does the institution/program ensure that there is a sufficient “pipeline” or enrollment of students to fulfill the labor market need? (e.g. how/where are students recruited for this program?)

1.5 How are needs/changes evaluated by the curriculum review committee and campus academic leadership?

<p>1.6 Did the review of program need result in actions or modifications (e.g. closing the program, expanded industry partnerships, revised recruitment, reducing/expanding program offerings)? Please explain.</p>	
<p><b>Indicator 2:</b>  <b>Cost Effectiveness</b> (see ICCB and system resources for cost-effectiveness:  <a href="https://www.iccb.org/academic_affairs/program-review/">https://www.iccb.org/academic_affairs/program-review/</a>)</p>	<p><b>Response</b></p>
<p>2.1 How does the institution assess cost-effectiveness for CTE programming? Consider:</p> <ul style="list-style-type: none"> <li>• Costs to the institution associated with this program</li> <li>• How costs compare to other similar programs on campus</li> <li>• How the college is paying for this program and its costs (e.g. grants, tuition, fees (lab, technology, background checks, etc.).</li> <li>• Revenue Analysis</li> <li>• Student to faculty ratio</li> <li>• Course/section fill rates</li> <li>• Enrollment trends</li> <li>• Credit hours earned year to year</li> <li>• Scheduling efficiency</li> </ul>	
<p>2.2 What are the findings of the cost-effectiveness analysis?</p>	
<p>2.3 If most of the costs are offset by grant funding, is there a sustainability plan in place in the absence of an outside funding source? Please explain.</p>	
<p>2.4 How does the institution/program assess student affordability for this program? (Consider if program costs are reasonable, comparable to like</p>

<p>2.5 How will the college increase the cost- effectiveness of this program?</p>	
<p>2.6 Did the review of program cost result in any actions or modifications? Please explain.</p>	
<p><b>Indicator 3: Quality</b></p>	<p><b>Response</b></p>
<p>3.1 What are the delivery methods of this program? (e.g. traditional format/online/hybrid/team-teaching/ competency-based education, etc.)?</p> <p>How do the success rates of each delivery system compare?</p>	
<p>3.2 How does the program ensure that quality, relevant, contextualized, and culturally responsive instruction is delivered?</p>	
<p>3.3 Is this program part of a <a href="#">Program of Study</a> as defined by Perkins V and approved by the ICCB?</p> <p>If yes, describe any strengths or challenge to program of study implementation.</p>	

<p>3.4 Does this program meet the definition of a <a href="#">career pathway program</a>? If so, please describe each career pathway element and identify how the college plans to improve the program as it relates to the career pathway system elements. Examples include connections to adult education including integrated education and training, prior learning assessment, dual credit, support services, career services). If no, please describe if and how the college will improve the program based on the career pathway elements.</p>	
<p>3.5 What innovations, that contribute to quality or academic success, have been implemented within this program that other colleges would want to learn about?</p>	
<p>3.6 Describe dual credit implementation for this program (generally how many students, courses, participating high schools). In terms of strengthening the program, what dual credit courses are seen as a priority?</p>	
<p>3.7 Identify what work-based learning opportunities are available and integrated into the curriculum.</p> <p>How do these opportunities improve the quality of the program? In what ways can these opportunities be improved?</p>	
<p>3.8 Is industry accreditation required for this program (e.g. nursing)? If so, identify the accrediting body. Please also list if the college has chosen to voluntarily seek accreditation (e.g. automotive technology, ASE).</p>	
<p>3.9 Are there industry-recognized credentials embedded within this program? If so, please list.</p>	

<p>3.10 Are there apprenticeship opportunities available through this program? If so, please elaborate.</p>	
<p>3.11 Please list all applicable licensure and industry/professional examinations. Include examination pass rates and the number of students who took each respective exam.</p>	
<p>3.12 What current articulation or cooperative agreements/initiatives are in place for this program?</p>	
<p>3.13 Have partnerships been formed since the last review that may increase the quality of the program and its courses? If so, with whom? What opportunities exist for other partnerships?</p>	
<p>3.14 What partnerships (internal or external) have been formed for the advancement of equitable access and outcomes for this program?</p>	
<p>3.15 What professional development or training is offered to adjunct and full-time faculty that may increase the quality of this program?</p> <p>What additional professional development is needed?</p>	
<p>3.16 What professional development is provided for faculty and staff in this program on Diversity, Equity, and Inclusion?</p>	
<p>3.17 What is the status of the current technology and equipment used for this program?</p>

improvement?	
3.20 What curriculum revisions to improve program quality and learning outcomes have been made based on the assessment of student learning? (How do you use the information gained from the assessment to improve your program and students learning?)	
3.21 How satisfied are students with their preparation for employment?  How is this student satisfaction information collected?	
3.22 How does the program advisory committee contribute to the quality of the program? How can this engagement be improved?	
3.23 In what other ways are employers engaged in this program? (e.g. curriculum design, review, placement, work-based learning opportunities)	
3.24 How satisfied are employers in the preparation of the program's graduates?  How is employer satisfaction information collected?	
3.25 What are the program's strengths?	
3.26 What are the identified or potential weaknesses of the program?	
3.27 Did the review of program quality result in any actions or modifications? Please explain.	
List any additional barriers encountered while implementing the program not detailed above. Please consider the following: retention, placement, support services, course sequencing, etc.	

**Performance and Equity**

How does this program contribute to other fields and the mission of the college?	
<b>Prior Review Update</b> Describe any quality improvements or modifications made since the last review period.	
<b><i>REVIEW ANALYSIS</i></b>	
Complete the following fields and provide concise information where applicable. Please do not insert data sets but summarize the data to completely answer the questions. Review will be sent back if any of the below fields are left empty or inadequate information is provided.	
<b>Indicator 1: Need</b>	<b>Response</b>
1.1 Detail how the offerings are sufficient and aligned to meet the needs of students across all programs served and supportive academic programs (e.g. tutoring, co-requisite, summer bridge, AE-ICAPS, foundational mathematics).	
<b><i>INDICATOR 2: COST EFFECTIVENESS</i></b>	<b><i>RESPONSE</i></b>
2.1 What are the costs associated with this program?	
2.2 How is the college paying for this program and its costs (e.g. grants, etc.)?	
2.3 If most of the costs are offset by grant funding, is there a sustainability plan in place in the absence of an outside funding source? If so, please elaborate.	

2.4 Based upon this review, what steps are being taken to offer curricula more cost-effectively?	
2.5 Are there needs for additional resources? If so, what are they?	
<b>INDICATOR 3: QUALITY</b>	<b>RESPONSE</b>
3.1 How is the college working with high schools to reduce developmental needs?	
3.2 What is the college doing to develop and implement co-requisite or pathway models to ensure students placing into development education finish the sequence within one academic year?	
3.3 Provide a description of the developmental sequence. Colleges may attach a graphic representation.	
3.4 Are there any alternative delivery methods of this program? (online, flexible-scheduling, team-teaching, accelerated, etc.)?	
3.5 What innovation has been implemented or brought to this program?	
3.6 To what extent is the program integrated with other instructional programs and services?	
3.7 Have partnerships been formed since the last review that may increase the quality of the program and its courses? If so, with whom?	
3.8 How well are completers of developmental courses doing in related college-level courses?	
3.9 What professional development or training is offered to instructors and/or staff to ensure quality programming?
