#### **VII. Old Business**

- a. Dr. Taylor reviewed how to find the Shared Governance Manual on the website. He also reviewed the Academic Affairs Council charge, scope of responsibilities, and the FY24 priorities. In regards to the FT Employee Policy Manual, he demonstrated where to find it on the website. He demonstrated the Board Policy Manual as an example how the FT Employee Policy Manual will eventually look. He explained his charge from the BoT to address the policies. Dr. Taylor created a spreadsheet to aid with the analysis of the policies. He found less than 10% were policies and the rest were more procedures. He shared a document with the council specifically related to Academic Affairs. The document shows where policies are recommended and how the recommended procedures are connected. He gave a policy example of how policy should look and the attached procedures.
- b. Dr. Taylor recommends the council focus on Academic Integrity. A policy needs to be created that we can share with students, specifically including AI.
- c. Dr. Taylor added this council meets one time a month for two hours. The progress is going to be slow and cause frustration, however, members need to be assigned duties outside the meeting to keep progress moving forward. Dr. Shelby added we need to adopt action items in the minutes and agenda to keep topics in the forefront.

#### **I. New Business**

There was no new business.
